Kelsey:

There is no special time. I don't think management wants you to put in more than a normal day so you should time it that way. Our work time is 07:00 to 17:30. I don't believe you need to bring anything from the warehouse. You should have you boots and hardhat. See attached information. It will give you an idea of what we are doing.

What time should we arrive on-site? Also, what should we bring from the warehouse? See you tomorrow! Thank you!

**Subject:** visit to FJ Doyle site in Leonard Texas

Anish, Bray, David and Matt – Gary and Paige are working on a removal project in Leonard, Texas, approximately 70 miles from the Dallas Regional office. Chris and I talked with Gary and Paige about you going out to spend some time shadowing them at the site for 6-7 hours a day December 12- 14, 17-19 and 21. It would be best if 2 people go each day so we don't have too many extra people on site.

Matt and David are checking into the availability of vehicles so you can commute together to the site. Please coordinate your schedules. Please coordinate with Gary and Paige to ensure there have not been changes in their site work due to the weather.
